Ramlan loves art very much. In May 2018, he participated in an art competition at his college, made a beautiful poster and got the 1st place! It was a very proud moment for Ramlan!

Currently, Ramlan has joined a Pharmaceutical Entrepreneurship competition, and the event will be held by Pancasila University in South Jakarta. On September 29th, Ramlan will be presenting his idea and he hopes the results will be good.

As you can see, he is not afraid to participate in competitions!

RAMLAN FAUZI

Ramlan has done very well at university. In the 3rd semester, his GPA was 3.8 and in the 4th semester, it was 3.5. He is now in the last (3rd) year because his program is a 3-year diploma program. Next year, he will graduate from the university. This semester, he will be preparing to make his final paper. Ramlan is an active student. In university, he joins in many activities, such as being a member of the student committee, student choir club, as well as collaborating with the Agricultural University of Bogor to make new pharmaceuticals and cosmetics.
